

Skill 18.01 Exercise 1

Write code that could be used to reference the *FavThings.html* page from the *Index.html* page

File Structure	Code									
<table><tr><td>MyWebsite</td></tr><tr><td>Index.html FavThings.html</td></tr></table>	MyWebsite	Index.html FavThings.html								
MyWebsite										
Index.html FavThings.html										
<table><tr><td>MyWebsite</td></tr><tr><td>Index.html</td></tr><tr><td><table><tr><td>Info</td></tr><tr><td><table><tr><td>Images</td><td>AboutMe</td></tr><tr><td>Cat.png</td><td>FavThings.html</td></tr></table></td></tr></table></td></tr></table>	MyWebsite	Index.html	<table><tr><td>Info</td></tr><tr><td><table><tr><td>Images</td><td>AboutMe</td></tr><tr><td>Cat.png</td><td>FavThings.html</td></tr></table></td></tr></table>	Info	<table><tr><td>Images</td><td>AboutMe</td></tr><tr><td>Cat.png</td><td>FavThings.html</td></tr></table>	Images	AboutMe	Cat.png	FavThings.html	
MyWebsite										
Index.html										
<table><tr><td>Info</td></tr><tr><td><table><tr><td>Images</td><td>AboutMe</td></tr><tr><td>Cat.png</td><td>FavThings.html</td></tr></table></td></tr></table>	Info	<table><tr><td>Images</td><td>AboutMe</td></tr><tr><td>Cat.png</td><td>FavThings.html</td></tr></table>	Images	AboutMe	Cat.png	FavThings.html				
Info										
<table><tr><td>Images</td><td>AboutMe</td></tr><tr><td>Cat.png</td><td>FavThings.html</td></tr></table>	Images	AboutMe	Cat.png	FavThings.html						
Images	AboutMe									
Cat.png	FavThings.html									
<table><tr><td>MyWebsite</td></tr><tr><td><table><tr><td>Home</td><td>Info</td></tr><tr><td>Index.html</td><td><table><tr><td>AboutMe</td></tr><tr><td>FavThings.html</td></tr></table></td></tr></table></td></tr></table>	MyWebsite	<table><tr><td>Home</td><td>Info</td></tr><tr><td>Index.html</td><td><table><tr><td>AboutMe</td></tr><tr><td>FavThings.html</td></tr></table></td></tr></table>	Home	Info	Index.html	<table><tr><td>AboutMe</td></tr><tr><td>FavThings.html</td></tr></table>	AboutMe	FavThings.html		
MyWebsite										
<table><tr><td>Home</td><td>Info</td></tr><tr><td>Index.html</td><td><table><tr><td>AboutMe</td></tr><tr><td>FavThings.html</td></tr></table></td></tr></table>	Home	Info	Index.html	<table><tr><td>AboutMe</td></tr><tr><td>FavThings.html</td></tr></table>	AboutMe	FavThings.html				
Home	Info									
Index.html	<table><tr><td>AboutMe</td></tr><tr><td>FavThings.html</td></tr></table>	AboutMe	FavThings.html							
AboutMe										
FavThings.html										

Skill 18.02 Exercise 1

Write code that could be used to create a link to FavThings.html from the Index.html page.

File Structure	Code									
<table><tr><td>MyWebsite</td></tr><tr><td>Index.html FavThings.html</td></tr></table>	MyWebsite	Index.html FavThings.html								
MyWebsite										
Index.html FavThings.html										
<table><tr><td>MyWebsite</td></tr><tr><td>Index.html</td></tr><tr><td><table><tr><td>Files</td></tr><tr><td><table><tr><td>AboutMe</td><td>Videos</td></tr><tr><td>FavThings.html</td><td>Dog.mp4</td></tr></table></td></tr></table></td></tr></table>	MyWebsite	Index.html	<table><tr><td>Files</td></tr><tr><td><table><tr><td>AboutMe</td><td>Videos</td></tr><tr><td>FavThings.html</td><td>Dog.mp4</td></tr></table></td></tr></table>	Files	<table><tr><td>AboutMe</td><td>Videos</td></tr><tr><td>FavThings.html</td><td>Dog.mp4</td></tr></table>	AboutMe	Videos	FavThings.html	Dog.mp4	
MyWebsite										
Index.html										
<table><tr><td>Files</td></tr><tr><td><table><tr><td>AboutMe</td><td>Videos</td></tr><tr><td>FavThings.html</td><td>Dog.mp4</td></tr></table></td></tr></table>	Files	<table><tr><td>AboutMe</td><td>Videos</td></tr><tr><td>FavThings.html</td><td>Dog.mp4</td></tr></table>	AboutMe	Videos	FavThings.html	Dog.mp4				
Files										
<table><tr><td>AboutMe</td><td>Videos</td></tr><tr><td>FavThings.html</td><td>Dog.mp4</td></tr></table>	AboutMe	Videos	FavThings.html	Dog.mp4						
AboutMe	Videos									
FavThings.html	Dog.mp4									
<table><tr><td>MyWebsite</td></tr><tr><td><table><tr><td>Home</td><td>Files</td></tr><tr><td>Index.html</td><td><table><tr><td>AboutMe</td></tr><tr><td>FavThings.html</td></tr></table></td></tr></table></td></tr></table>	MyWebsite	<table><tr><td>Home</td><td>Files</td></tr><tr><td>Index.html</td><td><table><tr><td>AboutMe</td></tr><tr><td>FavThings.html</td></tr></table></td></tr></table>	Home	Files	Index.html	<table><tr><td>AboutMe</td></tr><tr><td>FavThings.html</td></tr></table>	AboutMe	FavThings.html		
MyWebsite										
<table><tr><td>Home</td><td>Files</td></tr><tr><td>Index.html</td><td><table><tr><td>AboutMe</td></tr><tr><td>FavThings.html</td></tr></table></td></tr></table>	Home	Files	Index.html	<table><tr><td>AboutMe</td></tr><tr><td>FavThings.html</td></tr></table>	AboutMe	FavThings.html				
Home	Files									
Index.html	<table><tr><td>AboutMe</td></tr><tr><td>FavThings.html</td></tr></table>	AboutMe	FavThings.html							
AboutMe										
FavThings.html										

Skill 18.03 Exercise 1

Write code that could be used to create links to the following websites from the Index.html page.

Website	Code
Netflix	
Reddit	

Skill 18.04 Exercise 1

Write code that could be used to create links to the following websites from the Index.html page. Have each website open in a new window.

Website	Code
Google	
Amazon	

Skill 18.05 Exercise 1

Consider a webpage with the following sections, “My Hobbies”, “Proudest moments”, “Favorite vacations”. Rewrite the code between the `<body></body>` tags so that the items listed under the *Menu* heading link to the correct locations on the page.

```
<!DOCTYPE html>
<html>
  <head>
  </head>
  <body>
    <h1>Menu</h1>
    <ul>
      <li>My Hobbies</li>
      <li>Proudest moments</li>
      <li>Favorite vacations</li>
    </ul>

    <h1> My Hobbies </h1>
    <h4> Soccer </h4>
    <ul>
      <li> 5 years </li>
    </ul>
    <h1> Coding </h1>
    <ul>
      <li> 2 years </li>
    </ul>

    <h1> Proudest moments </h1>
    <h4> Finishing a marathon </h4>
    <ul>
      <li> 3:45:00 </li>
    </ul>

    <h1> Favorite vacations </h1>
    <h4> Belize </h4>
    <ul>
      <li> Summer 2018 </li>
    </ul>
  </body>
</html>
```
